**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1,4,30-35,39-46,59 are rejected under 35 U.S.C. 102(e) as being anticipated by Grychowski et al. 6,745,760.

Grychowski et al. disclose a fluid dispensing device for spraying a fluid into a body cavity (col. 1, ll. 11-14), which comprises a housing (102), a nozzle (8), a container (5), a compression pump (col. 7, ll. 53-56), at least one lever (120) is pivotally supported at a lower end thereof on the housing as seen in Figures 49-51, a pre-load mechanism (604).

***Claim Rejections - 35 USC § 103***

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 47-51 are rejected under 35 U.S.C. 103(a) as being unpatentable over Grychowski et al. 6,745,760 in view of Biggadike 6,750,210.

Grychowski et al. have taught all the features of the claimed invention except that the fluid medicament is an anti-inflammatory medicament. Biggadike teaches the use of a fluid medicament and where the fluid medicament being an anti-inflammatory medicament (col. 1, ll. 10-41).

It would have been obvious to one having ordinary skill in the art at the time the invention was made to substitute the medicament of Grychowski et al. with Biggadike's medicament as taught by Biggadike in (col. 1, ll. 10-41), in order to provide a fluid medicament for the treatment of inflammatory and allergic conditions.

***Allowable Subject Matter***

5. Claims 3,36-38 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

6. Applicant's arguments filed 5/12/2009 have been fully considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
